Mr. Puleo presented the proposed language to amend section 371 (i) in Article 7.5, Division 4, of the Title 16 of the California Code of Regulations forward for discussion. The language would allow the Board to issue a citation and fine specifically for failure to comply with mandatory continuing education requirements. He also noted that the Board currently sends warning letters to licensees that do not comply with continuing education requirements. By amending section 371 (i), this would allow the Board to issue a citation for failure to comply with the continuing education requirement on the first offense.

Dr. Dehn commented there was a discussion at the committee level, which the fine would be based on the amount of continuing education hours that the licensee where short. She also requested clarification if the citation would be considered a disciplinary action on the licensees record. Mr. Walker responded that a licensee would not report a citation as disciplinary action. He also commented that the Board should maintain desecration on the amount of the fine to the licensee.

***MOTION: DR. ELGINER MOVED, ON BEHALF OF THE COMMITTEE, TO TAKE A "SUPPORT" POSITION ON AB 1033 (HILL) MEDICAL BOARD; DISCLOSURE OF PROBATIONARY STATUS***

Mr. Puleo provided an overview of the bill and noted that the author's office advised the Board that the bill would be amended to include chiropractors, podiatrists, acupuncturists, and naturopathic physicians to notify patients of their probationary status. He also noted that the Board would be taking a position on the anticipated amendments that would include the Board within the provisions of the bill.

Dr. Azzolino added that the Enforcement Committee had been working on language to address this same issue and supports the intent of this bill.

Dr. Elginer noted that there were discussions surrounding amendments specific to the language that mentions BreEZe since the Board is not currently utilizing the system.

Mr. Puleo shared that Legislative Counsel generally determines whether individual provisions are appropriate when amending the practice acts that pertain to specific Boards. He also commented that they might need to modify specific provisions in the language of this bill for each profession.

## **AB 1992 (Jones) Pupil health: physical examinations**

Dr. Azzolino commented that this has been an area of concern of the Board for several years and that this bill would amend Education Code Section 49458 to additionally authorize a doctor of chiropractic, naturopathic doctors and nurse practitioners practicing in compliance with respective laws governing their profession, to complete a pre-participation physical examination in interscholastic athletic programs. Dr. Azzolino expressed his support of this bill.

Dr. Roza commented that for years, the Board has struggled with Schools Insurance Authority (SIA) and added that he supports the bill.

Dr. Elginer supports this bill, she requested a correction to the bill analysis on page 2 third paragraph line 3, " the CIF and SIA have no " change to "the CIF and SIA have not". She also requested clarification on whether private schools should be included on the bill.

Mr. McCarther responded that the bill analysis would be corrected.

Dr. Elginer asked for clarification whether this bill would apply to private schools and referred to the actual bill language on line 3, of the current section 49458 of the Education Code, and noted that the language does not mention private schools requiring a physical examination as a condition of participation in an interscholastic athletic program.

Mr. Walker responded that this bill does not apply to private schools because they are not within a school district, and are not governed by the county superintendent.

Mr. Roza noted that private schools are a part of California Interscholastic Federation (CIF).

Monica Miller, contract lobbyist for California Chiropractic Association shared that she would provide the Board with further information regarding private school concerns. She also shared that the bill includes all providers as long as it is within their scope of practice to be able to provide examinations. Lastly, she shared that this bill is double referred to Assembly Committees on Business and Professions and the Arts, Entertainment, Sports, Tourism, and Internet Media.

Ms. Miller shared that there is criteria under both utilization review and independent medical review and as such, there is a pathway to surgery. The criteria were modeled from Health Evidence Review Commission of Oregon. Lastly, she shared the goal is to get people off the pathway to surgery that can benefit from conservative care.

Dr. Elginer shared that the current language does not have a limit on the number of chiropractic treatments and is hopeful that the number of treatments will not be added to the bill. Lastly, she requested clarification on whether the Board can take a position even though litigation is pending.

Dr. Elginer shared that the Board only brings bills forward that the Committee is suggesting a position of support or oppose, unless the Board would like to bring any of the bills forward for discussion.

### **SB 1217 (Stone) Healing arts: reporting requirements: professional liability resulting in death or injury**

Dr. Azzolino requested clarification on the Committee's reason for a neutral position.

Mr. McCarther clarified that the author's office wanted to see a standard amount of \$10,000 across all healing arts Boards for reporting requirements on judgments.

Dr. Elginer shared there was a discussion at the Committee meeting surrounding the amount remaining at \$3,000. The Board would be notified of more potential infractions. The down side of increasing this amount is that the board would receive less information. For example, the Board may not be aware of serial offenders.
