This agenda item is informational only and provided as a status update to the Board. No action is required or requested at this time.

Agenda Item 5 January 16, 2026

DCA Budget Office Report and Discussion on Board's Budget and Fund Condition, Including Strategies to Address Structural Imbalance in Board's Fund

Purpose of the Item

The Board will receive a report from DCA's Budget Office on the Board's budget and fund condition, including revenue and expenditure projections. Following the report, the Budget Office will engage the Board in a policy discussion regarding strategies to address the structural imbalance in the Board's fund.

Action Requested

This agenda item is informational only and provided as a status update to the Board. No action is required or requested at this time.

Background

The Board's annual budget is funded exclusively by the chiropractic profession through licensing and other regulatory fees. Although recent legislation amended the Board's fee structure and cost-saving measures have been implemented, the Board continues to face a structural imbalance in its fund due to operational costs that are outpacing revenue received from fees. Without corrective action, the Board faces a significant risk of fund insolvency in fiscal year 2027–28.

The Board ended fiscal year 2024–25 with a reserve level of 7.2 months. This reserve grew between 2021–22 and 2023–24, primarily due to staff vacancies during a period of organizational restructuring across the Administration, Licensing, and Enforcement Programs. However, as positions have been refilled, expenditures have outpaced revenues, resulting in a projected decline of approximately two to three months of reserve per year. This trend underscores the structural imbalance in the fund, as current fee revenue is insufficient to sustain projected spending levels.

Although the Board does not have a mandated minimum reserve, a target reserve level of 12 to 24 months ensures long-term fiscal stability and continuity of operations.

The Board's fee structure is established in Business and Professions Code (BPC) section 1006.5. Most licensing and regulatory fees, except for the doctor of chiropractic (DC) license renewal and restoration fees, are currently at their statutory maximums.

DCA Budget Office Report

January 16, 2026

Page 2

BPC section 1006.5 authorizes the Board to increase the existing DC license renewal and restoration fees of \$336 and \$672 to a maximum of \$500 and \$1,000, respectively, through regulation.

Through the sunset review process, the Board is requesting to establish new statutory fee ranges and caps. This flexibility would allow the Board to implement fee adjustments that reflect the actual costs of services, maintain fund solvency, and avoid disruptions to licensing and enforcement operations.

At this meeting, DCA's Budget Office will provide a report on the Board's budget and fund condition and discuss strategies to address the structural imbalance.

Agenda Item 6
January 16, 2026

1. Open Session – Call to Order / Roll Call / Establishment of a Quorum

Dr. Daniels called the meeting to order at 1:13 p.m. Ms. Cruz called the roll. The Board members were present from the following teleconference locations: Dr. Adams in Sonoma; Dr. Daniels in El Granada; Ms. Cruz in Sacramento; Dr. Azzolino in San Francisco; Dr. Paris in Redding; and Mr. Sweet in Burbank. A quorum was established.

2. Review and Possible Approval of November 7, 2025 Board Meeting Minutes

Motion: Dr. Daniels moved to approve the minutes of the November 7, 2025 Board meeting.

Second: Ms. Cruz seconded the motion.

Public Comment: None.

Vote: 6-0 (Dr. Adams-AYE, Dr. Daniels-AYE, Ms. Cruz-AYE, Dr. Azzolino-AYE, Dr. Paris-AYE, and Mr. Sweet-AYE).

Motion: Carried.

3. Review, Discussion, and Possible Action on Finalizing and Adopting the Board's 2026 Sunset Review Report

Ms. Walker presented a draft of the Board's 2026 Sunset Review Report, noting that it reflects the Board's prior discussions on issues raised during the 2022 sunset review and outlines the Board's current legislative priorities, including addressing the Board's budget and fund condition, eliminating the seven-year washout period for prior discipline against an applicant involving sexual abuse or misconduct, obtaining automatic license revocation and suspension authority similar to that of the Medical Board of California, and authorizing the Board automatically impose a chaperone requirement when a licensee faces criminal charges for a sex offense or administrative charges for sexual abuse or misconduct involving a patient. She also highlighted a request for explicit statutory authority to conduct state and federal criminal background checks of doctor of chiropractic applicants and licensees, based on recent recommendations from the California Department of Justice, to ensure continued access to federal background check results and prepare the Board to participate in the Federal Bureau of Investigation's "rap back" service when available.

Dr. Daniels commented that the report looked great and suggested that Section 10 (New Issues) also include a request for statutory authority to establish a fee for issuing and renewing a chiropractic facility permit, a new license type currently being developed by the Licensing Committee. Ms. Walker agreed.

Dr. Daniels referenced Question 56, which asks whether the Board needs statutory authority or clarification to more effectively regulate online practice, and noted the proposed response states that current statutes and regulations are sufficient. She questioned whether the Board should seek additional authority considering the Chiropractic Specialties Subcommittee's ongoing work on issues of advertising and specialty recognition. Ms. Walker recommended addressing these issues through regulation, explaining that the Chiropractic Initiative Act of California already grants the Board broad authority to adopt regulations. She emphasized that the regulatory process

allows the Board to draft and approve precise language, whereas legislation is outside of the Board's direct control.

Motion: Dr. Daniels moved to approve the Board's 2026 Sunset Review Report, with the inclusion of a request for statutory fee authority for a chiropractic facility permit, and to delegate authority to the Board's Chair and Vice Chair to approve any substantive changes that may be necessary prior to the submission of the final report to the Legislature.

Second: Ms. Cruz seconded the motion.

Public Comment: None.

Vote: 6-0 (Dr. Adams-AYE, Dr. Daniels-AYE, Ms. Cruz-AYE, Dr. Azzolino-AYE, Dr. Paris-AYE, and Mr. Sweet-AYE).

Motion: Carried.

4. Public Comment for Items Not on the Agenda

Public Comment: An unidentified caller requested that the Board continue looking into regulating certified animal chiropractors in California.

5. Future Agenda Items

Public Comment: None.

6. Adjournment

Dr. Adams adjourned the meeting at 1:28 p.m.

Agenda Item 7
January 16, 2026

Review and Possible Approval of New Continuing Education Provider Applications

Purpose of the Item

The Board will review and possibly approve new continuing education (CE) provider applications.

Action Requested

The Board will be asked to make a motion to approve the following new CE providers:

Provider Name	CE Oversight Contact Person	Provider Status
ClientShield	Genelle Heim	Partnership
Fetterman Events	Kris Fetterman	Corporation
Curtis Jacquot/Aureate LLC dba Institute of Chinese Herbology	Curtis Jacquot	Corporation

Background

Staff reviewed and confirmed that the CE provider applications listed above meet all regulatory requirements for approval.

N/A – To maintain compliance with Assembly Bill 434 (Baker, Chapter 780, Statutes of 2017) [State Web accessibility: standard and reports], the Board is unable to provide scanned documents on its website. To obtain a copy of the CE provider application through a California Public Records Act request, please email chiro.info@dca.ca.gov or send a written request to the Board's office.

Agenda Item 9 January 16, 2026

Discussion and Selection of Members to Serve as the Delegate and Alternate Delegate to the Federation of Chiropractic Licensing Boards (FCLB) and the National Board of Chiropractic Examiners (NBCE)

Purpose of the Item and Action Requested

The Board will be asked to select members to serve as the delegate and alternate delegate to the Federation of Chiropractic Licensing Boards (FCLB) and the National Board of Chiropractic Examiners (NBCE) for 2026.

Background

FCLB is a national consortium of chiropractic licensing boards that facilitates information sharing among states and Canadian provinces and serves as a forum for discussing important regulatory issues in the chiropractic profession.

NBCE is the national testing agency for the chiropractic profession and develops, administers, and scores standardized examinations that assess knowledge, cognitive abilities, and problem-solving skills in basic and clinical sciences.

Each year, chiropractic licensing boards appoint two members—a delegate and an alternate delegate—to serve as their official representatives to FCLB and NBCE.

In 2025, Pamela Daniels, D.C. served as the delegate to FCLB and alternate delegate to NBCE, while Laurence Adams, D.C. served as the alternate delegate to FCLB and delegate to NBCE.

For 2026, FCLB and NBCE have scheduled the following meetings:

- FCLB Annual Conference and NBCE Annual Meeting: April 29, 2026 – May 3, 2026, in Atlanta, Georgia
- FCLB Districts I & IV Regional Meeting: September 3–6, 2026, in Anchorage, Alaska

At this meeting, the Board will be asked to select members to serve as the delegate and alternate delegate to FCLB and NBCE for 2026.

Selection of FCLB and NBCE Delegates

January 16, 2026

Page 2

Although all Board members are eligible to serve, the Board traditionally appoints the Board Chair as the FCLB delegate and NBCE alternate delegate, and the Board Vice Chair as the FCLB alternate delegate and NBCE delegate.

Suggested Motion: Designate (insert name) and (insert name) as the delegate and alternate delegate, respectively, to the Federation of Chiropractic Licensing Boards, and designate (insert name) and (insert name) as the delegate and alternate delegate, respectively, to the National Board of Chiropractic Examiners.

Agenda Item 10 January 16, 2026

Presentation and Discussion on Ethics Assessments by Ethics and Boundaries Assessment Services, LLC

Purpose of the Item

The Board will receive a presentation from Ethics and Boundaries Assessment Services, LLC (EBAS) regarding ethics essay assessments for doctors of chiropractic. The presentation will include an overview of EBAS' psychometric study and practical guidance on selecting three versus five examinations.

EBAS assessments address the following categories:

- Boundaries
- Fraud
- Professional Standards
- Substance Abuse
- Unprofessional Conduct

Action Requested

This agenda item is informational only and provided as a status update to the Board. No action is required or requested at this time.

**Presentation and Discussion on CE Provider and Course Review and Audit
Processes by FCLB Providers of Approved Continuing Education (PACE)**

Purpose of the Item

The Board will receive a presentation from the Federation of Chiropractic Licensing Boards (FCLB) on their Providers of Approved Continuing Education (PACE) program, including their course reviews and ongoing audits to ensure continued compliance and course quality.

PACE is a service provided by FCLB with a mission to establish criteria and procedures for multijurisdictional recognition of continuing education providers, thereby furnishing doctors of chiropractic with a dependable basis for selecting continuing education programs, assisting FCLB member boards in their evaluation of continuing education providers and programs, improving the quality of continuing education programs through critical scrutiny and provider self-evaluation, and protecting the public through advancements in chiropractic education.

A continuing education provider's participation in PACE is voluntary, but receiving PACE recognition obligates a provider to comply with PACE's policies, procedures, and criteria for quality continuing education.

Action Requested

This agenda item is informational only and provided as a status update to the Board. No action is required or requested at this time.

Streamlining
Continuing Education
Provider Approval

Review, Discussion, and Possible Action on the Potential Recognition of PACE CE Providers and Courses for the Board's CE Requirements

Purpose of the Item

The Board will discuss whether to accept continuing education (CE) courses offered by PACE providers toward fulfilling the Board's annual CE requirements.

Action Requested

The Board will be asked to engage in a policy discussion and provide direction to staff.

Background

The Board developed a regulatory proposal to make comprehensive changes to the Board's Continuing Education Program, including amending the annual CE requirements for licensees, establishing five course competency areas that will be approved by the Board, defining the three recognized learning formats for courses, updating the course review and approval process, creating a re-approval process for courses that have been previously approved by the Board, and updating the CE requirements for petitions for reinstatement of revoked or surrendered licenses.

Under this proposal, in addition to the 12 mandatory hours of Board-approved CE in four competency areas, licensees may earn the remaining 12 hours of CE through Board-approved courses and the following activities:

- Obtaining Basic Life Support certification through the American Heart Association, American Red Cross, or a provider approved by the American Safety and Health Institute (up to two hours)
- Completing supervisory-level sexual harassment prevention training provided by the California Department of Civil Rights or another state or federal government agency (up to two hours)
- Attending a Board meeting that includes the hearing of petitions for reinstatement of revoked or surrendered licenses, early termination of probation, or reduction in penalty (up to eight hours)

PACE CE Courses

January 16, 2026

Page 2

- Participating as a subject matter expert for the development of the California Chiropractic Law Examination (up to 16 hours)
- Serving as an examiner for the National Board of Chiropractic Examiners Part IV examination administration (up to six hours)
- Completing continuing education coursework that is approved by the California Department of Industrial Relations, Division of Worker's Compensation, or any California Department of Consumer Affairs (DCA) healing arts board (no limit)

Currently, with the exception of the California Naturopathic Medicine Board, the other DCA healing arts boards do not allow reciprocal acceptance of Board-approved CE for their licensees.

As the Board was developing this regulatory proposal, the Board decided to authorize PACE-recognized providers to apply for Board approval of their CE courses without first becoming Board-approved providers, acknowledging PACE's vetting process. However, the Board retained its authority over course review and approval, requiring all providers—Board-approved and PACE-recognized—to submit course applications and documentation for review.

During recent meetings, David Paris, D.C. requested an agenda item for the Board to reconsider granting CE credit for PACE courses, citing PACE's audit system and the Board's current acceptance of CE approved by other DCA healing arts boards.

At this meeting, the Board will engage in that discussion and provide direction to staff.

Business Modernization: Implementation of the Connect System and Website Redesign

Staff is collaborating with the Department of Consumer Affairs (DCA) Office of Information Services (OIS) on business modernization projects to implement the Connect system for BCE's application, licensing, and enforcement workflows and to redesign BCE's website.

OIS is completing documentation of BCE's existing workflow and data mapping in the Connect system in preparation for a planned upgrade to another version of the platform that provides additional out-of-the-box functionality. OIS plans to initiate this upgrade effort with the vendor in the first quarter of 2026, with a six-month estimated timeline for completion.

BCE is also developing continuing education functionality in the system, beginning with a public continuing education course search web page similar to the existing [course search](#) maintained by the Acupuncture Board, followed by the continuing education course application workflow and the continuing education provider dashboard. This additional functionality is planned to be implemented through phased software releases in 2026.

Staff is also working with OIS to redesign BCE's website and update the content in preparation for migrating to the latest version of the [state web template](#). The web content is being updated and released on a flow basis, and the full website redesign is anticipated to be completed by March 2026.

Federation of Chiropractic Licensing Boards (FCLB) and National Board of Chiropractic Examiners (NBCE) Updates

FCLB and NBCE have scheduled the following key dates for 2026:

- FCLB Annual Conference and NBCE Annual Meeting: April 29, 2026 – May 3, 2026, in Atlanta, Georgia
- NBCE Part IV Examination: May 16–17, 2026, at chiropractic program campuses
- NBCE Part IV Test Development Committee: June 12–13, 2026, in Greeley, Colorado
- FCLB Districts I & IV Regional Meeting: September 3–6, 2026, in Anchorage, Alaska

Staff is requesting out-of-state travel approval for the Board Chair or Vice Chair and the Executive Officer to attend and participate in the FCLB/NBCE annual conference in Atlanta and the regional meeting in Anchorage.

Additionally, NBCE is [transitioning the Part IV examination](#) to a purpose-built, centralized assessment center on the NBCE campus in Greeley, Colorado. All encounters will be video-recorded and two identical testing bays will allow the examination to run three days per week and 48 weeks per year, replacing the current semiannual model. In addition, the examination format will shift from 25 brief stations to eight patient-encounter stations. Seven of these stations will move from history through examination to a treatment decision, followed by a written patient note in place of the current multiple-choice post-encounter station. The eighth station will require demonstration of multiple chiropractic technique setups.

The first live examination at the new assessment center in Greeley will be on April 10, 2026, and the last chiropractic campus-based examination will be conducted on May 16–17, 2026.

Government Reorganization Plan

On April 4, 2025, Governor Newsom transmitted a [government reorganization plan](#) to the Little Hoover Commission to split the Business, Consumer Services and Housing Agency (BCSH) into two agencies: the California Housing and Homeless Agency (CHHA) focused on housing, homelessness, and civil rights functions; and the Business and Consumer Services Agency (BCSA) focused on consumer protection and business regulation. On June 2, 2025, the Little Hoover Commission released its [full report](#) recommending the Legislature allow the reorganization plan to take effect. The plan went into effect on July 5, 2025.

Under the reorganization plan, as of July 1, 2026, DCA will be placed under the new BCSA along with the Department of Alcoholic Beverage Control, Alcoholic Beverage Control Appeals Board, Department of Cannabis Control, Department of Financial

Protection and Innovation, California Horse Racing Board, and Department of Real Estate.

Legislation

Senate Bill (SB) 687 (Ochoa Bogh) Chiropractors: animal chiropractic practitioners. This bill would prohibit a chiropractor who is not under the supervision of a veterinarian from practicing animal chiropractic, as defined, without being registered as an animal chiropractic practitioner by the Board and satisfying certain requirements, including holding a current, valid certification from the American Veterinary Chiropractic Association (AVCA) or International Veterinary Chiropractic Association (IVCA), or any other credentialing organization the Board specifies through regulation. The bill would specify that the Board shall establish requirements for registration and conditions and requirements for practicing animal chiropractic. The bill would also require an animal chiropractic practitioner to comply with regulations of the Board applicable to chiropractors, would authorize the Board to adopt regulations necessary to implement the bill's provisions, and would require the Board, if adopting specified regulations, to consult with the Veterinary Medical Board, including for regulations regarding standards of medicine or care for an animal. This bill would also make an animal chiropractic practitioner exempt from the Veterinary Medicine Practice Act. This bill has been referred to the Senate Business, Professions and Economic Development Committee.

Regulations

Complete

- 1. Filing of Addresses and Contact Information (amend California Code of Regulations [CCR], Title 16, section 303):** This proposal implements the requirement from [SB 1434 \(Roth, Chapter 623, Statutes of 2022\)](#) for the Board to include licensees' telephone numbers and email addresses in the Board's directory and clarifies the requirement for filing a public "address of record" with the Board. The Board approved the proposed regulatory text at its April 20, 2023, meeting. This rulemaking was published in the Office of Administrative Law (OAL) Notice Register and released for a 45-day public comment period on February 14, 2025. The public comment period ended on April 1, 2025, and no comments were received. The final regulatory package was submitted to OAL for review on September 2, 2025. OAL approved the regulation on October 14, 2025, and it became effective on January 1, 2026.
- 2. Repeal of Successful Examination Regulation (repeal CCR, Title 16, section 354):** This proposal repeals an obsolete provision in the Board's regulations that conflicts with other existing laws and regulations that prohibit the unlicensed practice of chiropractic. The Board approved the proposed regulatory text at its January 20, 2023, meeting. This rulemaking was published in the OAL Notice Register and released for a 45-day public comment period on January 3, 2025. The public comment period ended on February 18, 2025. One comment was received on the proposal. The Board approved the response to the public comment during its April 17, 2025, meeting. The final regulatory package was submitted to OAL for review on October 9, 2025. OAL approved the regulation on November 12, 2025, and it became effective on January 1, 2026.
- 3. Appeal Process for Citations and Licensee Compliance with Assessed Fines (amend CCR, Title 16, sections 390.4 and 390.5):** This proposal makes conforming changes to the Board's system of issuing citations for consistency with the required provisions of [Business and Professions Code \(BPC\) section 125.9](#). The Board approved the proposed regulatory text at its April 17, 2025, meeting. This rulemaking was published in the OAL Notice Register and released for a 45-day public comment period on May 2, 2025. The public comment period ended on June 16, 2025, and no comments were received. The final regulatory package was submitted to OAL for review on October 10, 2025. OAL approved the regulations on November 19, 2025, and they became effective on January 1, 2026.
- 4. Align Fee Amounts with Fixed Fee Schedule in Statute (Section 100 Changes Without Regulatory Effect: amend CCR, Title 16, sections 310.1, 317.1, 323, 360, 367.5, 367.10, and 370):** This action under CCR, title 1, section 100 made non-substantive amendments to the fee amounts specified in these sections due to required changes in the Board's fixed fee schedule enacted by SB 1434 (Roth,

Chapter 623, Statutes of 2022). This action also made minor, non-substantive grammatical revisions and updated the authority and reference sections of these regulations. This rulemaking was filed with OAL on October 15, 2025. OAL approved the changes on December 1, 2025.

- 5. Continuing Education: Distance Learning (amend CCR, Title 16, section 363.1):** This proposal narrows the definition of distance learning to asynchronous coursework, thereby allowing courses delivered through synchronous online learning platforms to be eligible for the same credit as traditional, in-person classroom environments. This proposal also requires licensees to pass an interactive test or self-assessment as a condition for successful completion of a distance learning course and make other minor, clarifying changes to the regulation. The Board approved the proposed regulatory text at its May 23, 2024, meeting. This rulemaking was published in the OAL Notice Register and released for a 45-day public comment period on September 19, 2025. The public comment period ended on November 3, 2025. Twenty-five comments were received on the proposal. The Board approved the responses to the comments during its November 7, 2025, meeting. The final regulatory package was submitted to OAL for review on November 20, 2025. OAL approved the regulation on January 7, 2026, and it became immediately effective on that date.

Production Phase

- 6. Approval of Chiropractic Programs and Initial Licensure Process (amend and renumber, as necessary, CCR, Title 16, sections 320, 321, 330, 331.1, 331.2, 331.5, 331.12.1, 331.12.2, 331.12.3, 331.14, 331.15, 340–344, and 348, and repeal sections 331.3, 331.4, 331.6–331.11, 331.13, 331.16, 345, 346, and 349):** This proposal will amend the regulations regarding Board approval of chiropractic programs, including the minimum curriculum and clinical experience requirements. This proposal will also clarify the application and examination process for initial licensure as a doctor of chiropractic, including the qualifying circumstances for expedited review of a license application. Additionally, this proposal will implement [Assembly Bill \(AB\) 107 \(Salas, Chapter 693, Statutes of 2021\)](#), which provides for the temporary licensure of military spouses, and [AB 883 \(Mathis, Chapter 348, Statutes of 2023\)](#), which requires the Board to expedite the initial licensure process for applicants who are active-duty members of the U.S. Armed Forces enrolled in the U.S. Department of Defense SkillBridge program. The Board approved the

proposed regulatory text at its April 17, 2025, and August 1, 2025, meetings. This package is anticipated to be submitted to OAL for publication in the Notice Register and released for a 45-day public comment period in early 2026.

7. **Continuing Education Fees, Requirements, and Approval Process (amend CCR, Title 16, sections 360, 361, 362, 363, 364, and 365, and add section 360.1):** This proposal will make comprehensive changes to the Board's Continuing Education Program, including amending the annual continuing education requirements for licensees, establishing five course competency areas that will be approved by the Board, defining the three recognized learning formats for courses, updating the course review and approval process, creating a re-approval process for courses that have previously been approved by the Board, and updating the continuing education requirements for petitions for reinstatement of revoked or surrendered licenses. The Board approved the proposed regulatory text at its April 17, 2025, meeting. This package is anticipated to be submitted to OAL for publication in the Notice Register and released for a 45-day public comment period in early 2026.
8. **Renewal and Restoration of Doctor of Chiropractic Licenses, Including Basic Life Support Certification for Active Licensees (amend CCR, Title 16, sections 370 and 371, and add section 371.1):** This proposal will clarify the processes for renewal and restoration of doctor of chiropractic licenses, extend the timeframe for cancellation of a license from three to four years, and update the continuing education and competency requirements that must be met prior to the restoration of a cancelled license. Additionally, this proposal will mandate the maintenance of basic life support provider or advisor certification, including cardiopulmonary resuscitation, for all licensees as a condition of licensure in active status. The Board approved the proposed regulatory text at its August 1, 2025 meeting. This package is anticipated to be submitted to OAL for publication in the Notice Register and released for a 45-day public comment period in early 2026.
9. **Discipline by Another Jurisdiction and Licensee Reporting Requirements (amend CCR, Title 16, sections 304 and 314):** This proposal will update the reporting of licensee arrests, convictions, and discipline by other public agencies and clarify a licensee's duty to report any violation of the statutes and regulations governing the practice of chiropractic to the Board. The Board approved the proposed regulatory text at its July 20, 2023, meeting. This package is anticipated to be submitted to OAL for publication in the Notice Register and released for a 45-day public comment period in early 2026.
10. **Record Keeping Requirements for Chiropractic Patient Records, Including Retention and Disposition of Records Upon Closure of Practice or Death/Incapacity of Licensee (amend CCR, Title 16, section 318):** This proposal will update the record keeping requirements to specify the necessary documentation for the patient history, complaint, diagnosis/analysis, and treatment

and to differentiate between an initial patient encounter and an established patient visit. This proposal will also specify requirements for the retention of records and the disposition of records upon the closure of a practice or the death or incapacity of a licensee. The Board approved the proposed regulatory text at its August 1, 2025, meeting. This package is anticipated to be submitted to OAL for publication in the Notice Register and released for a 45-day public comment period in early 2026.

- 11. Delegation of Certain Functions to the Executive Officer (amend CCR, Title 16, section 306):** This proposal will delegate additional authority to the Board's Executive Officer to order examinations of licensees in accordance with BPC section 820, issue default decisions where licensees have failed to file a notice of defense or appear at a hearing, grant motions to vacate a default decision, and approve settlement agreements for the revocation, surrender, or interim suspension of a license. The Board approved the proposed regulatory text at its October 19, 2023, meeting. This package is anticipated to be submitted to OAL for publication in the Notice Register and released for a 45-day public comment period in early 2026.
- 12. Prohibited Activities by Inactive Licensees (add CCR, Title 16, section 310.3):** This proposal will identify the specific activities that cannot be performed by the holder of an inactive doctor of chiropractic license. The Board approved the proposed regulatory text at its October 24, 2024, meeting. This package is anticipated to be submitted to OAL for publication in the Notice Register and released for a 45-day public comment period in early 2026.
- 13. Repeal Mental Illness Regulation (Obsolete) [repeal CCR, Title 16, section 315]:** This proposal will repeal a regulation that allows the Board to order a license holder to be examined by one or more physicians specializing in psychiatry when reasonable cause exists that the licensee is mentally ill to the extent that it may affect their ability to practice. This regulation is unnecessary because the Board already has broader statutory authority under [BPC sections 820 through 828](#) to order a physical or mental examination of a licensee whenever it appears the licensee may be unable to practice safely due to mental illness or physical illness affecting competency. The Board approved the proposed regulatory text at its October 24, 2024, meeting. This package is anticipated to be submitted to OAL for publication in the Notice Register and released for a 45-day public comment period in early 2026.

Concept Phase

- 14. Satellite Office Certificates and Notice to Consumers of Licensure (add CCR, Title 16, section 303.1, and amend section 308):** This proposal will clarify the requirements for obtaining and renewing a satellite office certificate and for notifying consumers that doctors of chiropractic are licensed and regulated by the Board by

posting or displaying a valid license or satellite office certificate at each place of practice. This proposal will be considered by the Board at its January 16, 2026, meeting.

- 15. Licensure by Reciprocity and New Temporary Licensure Pathway (amend CCR, Title 16, section 323 and add section 321.1 or 323.1):** This proposal will clarify the process for licensure via reciprocity and create a new temporary licensure process with a public notification requirement and practice limitations for applicants who have not yet met all of the Board's educational requirements to qualify for a permanent license. This proposal will be discussed by the Board at its January 16, 2026, meeting.
- 16. Disciplinary Guidelines and Uniform Standards for Substance Abusing Licensees, Including Filing and Evaluation Process for Petitions for Reinstatement, Reduction of Penalty, or Early Termination of Probation (amend CCR, Title 16, section 384, add section 385, and repeal section 386):** This proposal will update the *Disciplinary Guidelines and Model Disciplinary Orders*, implement the Uniform Standards for Substance Abusing Licensees, and enhance the process for petitions for reinstatement, reduction of penalty, and early termination of probation before the Board. Staff is developing proposed regulatory text based on the Enforcement Committee's discussions and guidance. This proposal is planned to be presented to the Board for consideration at its April 16, 2026, meeting.
- 17. Minimum Supervision and Training Requirements for Chiropractic Assistants, Responsibility for Conduct on Premises, and Sexual Misconduct (amend CCR, Title 16, sections 312 and 316):** This proposal will clarify the role of and delineate the activities that can be performed by chiropractic assistants within a chiropractic practice, define and establish the supervision requirements by a licensed doctor of chiropractic, and require that chiropractic assistants follow and provide only the treatment defined in the supervising doctor's treatment plan. Additionally, this proposal will clarify a supervising licensee's responsibility for conduct on the premises of a chiropractic facility and define sexual misconduct within the chiropractic profession for purposes of BPC section 726. Staff is developing proposed regulatory text based on the Enforcement Committee's discussions and guidance. This proposal is planned to be presented to the Board for consideration at its April 16, 2026, meeting.
- 18. Hardship Extensions to Annual Continuing Education Requirements (add CCR, Title 16, section 364.1):** This proposal will create a process for granting an extension to the annual continuing education requirements for a licensee who provides satisfactory proof to the Board that they have been adversely affected by a natural disaster, a state or federal declared state of emergency, or other hardship. Staff is developing proposed regulatory text based on the Continuing Education

Committee's discussions and guidance. This proposal is planned to be presented to the Board for consideration at its April 16, 2026, meeting.

- 19. Standards of Practice for Virtual Care (add CCR, Title 16, section 318.2):** This proposal will specify the standards of practice for the delivery of chiropractic services through virtual care. This proposal is being developed by the Licensing Committee.
- 20. Standards of Practice for Use of Artificial Intelligence (AI) in Chiropractic Practice (add CCR, Title 16, section 318.3):** This proposal will clarify the responsibilities and standards for a licensee's integration and use of AI technology in chiropractic practice. This proposal is being developed by the Licensing Committee.
- 21. Retired License Status and Fee (add CCR, Title 16, section 328):** This proposal will establish a new retired status for doctor of chiropractic licenses and implement an application fee to cover the reasonable regulatory cost of issuing a retired license in accordance with [BPC section 464](#). Staff is working with the Licensing Committee to develop a stakeholder survey to measure licensees' potential interest in a new retired license status and determine the estimated fiscal impact of the proposal.

State Leadership Accountability Act Report

The State Leadership Accountability Act (SLAA), found in [Government Code sections 13400 through 13407](#), requires each state agency to maintain effective systems of internal control, to evaluate and monitor the effectiveness of these controls on an ongoing basis, and to biennially report on the adequacy of the agency's systems of internal control by the end of each odd-numbered year.

The Board's [2025 SLAA report](#) was submitted to the Department of Finance on December 26, 2025.

Strategic Plan Development

On December 4, 2025, staff met with DCA's SOLID Planning Solutions to begin preliminary work on the Board's 2027–2030 Strategic Plan. On January 5, 2026, SOLID began conducting an environmental scan and analysis, which includes gathering input through internal and external stakeholder surveys, interviews with Board members and leadership, and reviewing the results of these efforts.

SOLID is scheduled to facilitate a strategic planning session with the Board during its April 16–17, 2026, meeting. Following this session, SOLID will prepare a draft of the new strategic plan for the Board's consideration at its July 23, 2026, meeting.

Sunset Review

The Board's 2026 Sunset Review Report was submitted to the Assembly Business and Professions Committee and Senate Business, Professions and Economic Development Committee on January 5, 2026.

The Board Chair and Executive Officer will testify on behalf of the Board before the Committees in a joint sunset review oversight hearing in spring 2026. About two weeks before the hearing, the Board will receive a background paper from Committee staff summarizing the sunset report information and identifying any issues that need to be addressed by the Board. After the hearing, the Board will have 30 days to prepare written responses to the issues identified in the background paper and any questions or issues raised during the hearing. The Board must meet and approve the written responses before submission.

Agenda Item 14 January 16, 2026

Government and Public Affairs Committee Report

Purpose of the Item

Committee Chair Janette N.V. Cruz will update the Board on the Government and Public Affairs Committee's October 17, 2025, working group meeting.

Action Requested

This agenda item is informational only. No Board action is requested at this time.

Background

On October 17, 2025, the Government and Public Affairs Committee met as a working group to prepare updates for inclusion in the Board's 2026 Sunset Review Report. The discussion focused on administrative issues identified during the 2022 sunset review, including the Board's fund condition, internal reorganization, and progress on regulatory proposals.

The Committee reviewed efforts to reorganize the Board's internal operations and clear the backlog of pending regulatory proposals, with a goal of completing the remaining proposals in 2026. The Committee also examined the Board's budget and fund condition, noting that while cost-saving measures have been implemented, operational expenses continue to outpace revenue generated from fees, particularly after filling vacant staff positions. Based on current projections, the Board's fund faces a significant risk of insolvency by fiscal year 2027–28.

The Committee also discussed challenges stemming from the Board's last fee study, conducted by an outside consultant in 2021. That study estimated the Board would need \$6 million annually to fund operations, rebuild a six-month reserve, and repay an outstanding loan from the Bureau of Automotive Repair. However, two critical issues were identified:

1. The study failed to account for the price elasticity of the continuing education course application fee, resulting in actual revenue of approximately \$400,000 annually—far below the \$1.1 million originally projected in the study.

Government and Public Affairs Committee Report

January 16, 2026

Page 2

2. The study underestimated the Board's future expenditures, which are now projected to reach \$6.175 million by fiscal year 2026–27, compared to only \$4.9 million in estimated revenue.

To address this issue, the Board is requesting new statutory fee ranges and caps through the sunset review process. This flexibility would allow the Board to implement fee adjustments that reflect actual service costs, ensure long-term fund stability, and prevent disruptions to licensing and enforcement operations.

Additionally, the Committee discussed preparations for the Board's 2027–2030 Strategic Plan. This process, facilitated by the Department of Consumer Affairs' SOLID Planning Solutions, includes internal and external stakeholder surveys, an environmental scan and analysis, a strategic planning session with Board members, and drafting of the plan for adoption.

The Committee also provided input on advancing the Board's 2022–2026 Strategic Plan objectives 3.2 and 3.4, which focus on increasing the Board's presence through diverse outreach opportunities and creating diverse outreach plans to increase awareness about the profession and the Board's role. Suggestions included hosting a series of roundtable and listening sessions with licensees, continuing education providers, chiropractic programs, students, and associations; offering continuing education opportunities in ethics and law in different regions; and participating in district events hosted by chiropractic associations.

Enforcement Committee Report

Purpose of the Item

Committee Chair Rafael Sweet will update the Board on the Enforcement Committee's October 29, 2025, working group meeting.

Action Requested

This agenda item is informational only. No Board action is requested at this time.

Background

On October 29, 2025, members of the Enforcement Committee met as a two-person working group to discuss the Board's pending regulatory proposal to amend California Code of Regulations (CCR), title 16, section 312. The proposal is intended to establish and define supervision requirements for chiropractic assistants by licensed doctors of chiropractic, specify permissible activities for chiropractic assistants within a chiropractic practice, and require chiropractic assistants to provide only the treatment outlined in the supervising doctor's treatment plan.

The Committee reviewed the terminology used in the supervision requirements and recommended replacing the term "indirect supervision" with "general supervision" for improved clarity. The Committee also compared the supervision definitions used by other Department of Consumer Affairs healing arts boards in current statutes and regulations.

Additionally, the Committee discussed updating CCR, title 16, section 316, subsection (a), which addresses a licensee's responsibility for ensuring conduct in their place of practice is compliant with applicable laws and regulations, and combining it with section 312 for improved organization of a licensee's supervision responsibilities within the Board's regulations. Section 316 primarily pertains to sexual misconduct, so the supervision language in subsection (a) would be more appropriately placed in section 312.

The Committee also explored ways to strengthen disciplinary cases involving sexual misconduct, reduce reliance on expert consultants in those cases, and provide clear guidance to consumers and licensees. The Committee discussed amending section 316

to explicitly define sexual abuse or misconduct in the practice of chiropractic for purposes of [Business and Professions Code section 726](#). The Committee reviewed the Washington State Department of Health's regulation on professional boundaries and sexual misconduct (Washington Administrative Code section 246-808-590) and provided input to assist staff in drafting similar language for CCR, title 16, section 316.

Following the discussion, the Committee directed staff to prepare regulatory text to amend CCR, title 16, sections 312 and 316 for review at the Committee's next meeting.

Agenda Item 16 January 16, 2026

Licensing Committee Report

Purpose of the Item

Committee Chair Pamela Daniels, D.C. will update the Board on the Licensing Committee's December 5, 2025, meeting.

Action Requested

The Board will be asked to consider approving the proposed text to add California Code of Regulations (CCR), title 16, section 303.1 and amend section 308, and authorizing the Executive Officer to initiate the rulemaking process.

The Board will also be asked to provide input on the Committee's recommendations regarding the conceptual regulatory proposals to clarify the requirements for licensure by reciprocity and establish a new temporary licensure pathway for applicants with educational and/or examination deficiencies.

Background

The Licensing Committee met via Webex on December 5, 2025, and discussed the following policy issues:

Satellite Office Certificates and Notice to Consumers of Licensure by the Board

At the May 19, 2016, Board meeting, as part of a planned comprehensive Consumer Protection Enforcement Initiative (CPEI) regulatory package, the Board approved proposed language to amend CCR, title 16, section 308 and add CCR, title 16, section 308.1. This regulatory text would have required each licensee to prominently display their license in the entry area or waiting area of their principal place of business and prominently display a satellite certificate in the entry area or waiting area of the office for which it was issued at all times while treating, examining, or evaluating patients at that location. The regulations would also have exempted a licensee who is practicing in a mobile setting, such as at a health fair, a sporting event, or a patient's home, from obtaining and displaying a satellite certificate and instead, require the licensee to carry a pocket license and make it available for inspection to a representative of the Board or any member of the public immediately upon request. This regulatory text would have also implemented a mandatory requirement for licensees to separately provide notice to

each patient that they are licensed and regulated by the Board, including the Board's telephone number and web address.

During the October 3, 2022, meeting, the Committee discussed the Board's existing requirements for filing practice addresses and displaying licenses or satellite certificates at places of practice and compared those requirements to other Department of Consumer Affairs (DCA) healing arts boards. The Committee discussed how a "place of practice" is not currently defined in the Board's regulations and the filing requirements do not address temporary practice settings such as locum tenens arrangements, sporting events or fairs, mobile practices, house calls, and consultations at other facilities. Another challenge is that unless they have established a chiropractic corporation, licensees are only required to file their practice address with the Board, not the name of their practice, which makes it difficult for the Board and the public to readily access information regarding chiropractic practices.

The Committee engaged in a detailed policy discussion regarding the filing of places of practice with the Board and the potential for modernizing the licensure notification and posting requirements at practice locations during its August 25, 2023 meeting. The Committee provided input to staff on a definition for a place of practice, the different practice settings to include in the definition, and the feasibility of implementing a facility permit for fixed places of practice that contains the name and physical location of the practice along with the name and license number of each owner, employee, and independent contractor associated with the facility to replace the existing satellite certificate requirement. The Committee also discussed more effective methods to notify the public of licensure at all practice settings such as through the use of a posted notice that contains the license or facility permit information, a statement indicating the licensee or facility is regulated by the Board, and a QR code that provides a direct link to the licensee's or facility's public profile page on DCA Search. During the March 8, 2024, meeting, the Committee continued the policy discussion and provided direction to staff regarding the regulatory proposal and the updated license with a QR code that links to the DCA Search public profile.

At its December 5, 2025, meeting, the Committee recommended that the Board proceed with a regulatory proposal that would add CCR, title 16, section 303.1 and amend section 308 to specify the requirements for obtaining and renewing a satellite office certificate and for notifying consumers of licensure at chiropractic facilities and in mobile and temporary practice settings, while the Board seeks broader statutory fee authority through the 2026 sunset review process to establish a new license type—a chiropractic facility permit.

Action Needed: The Board is asked to review the regulatory proposal in Attachment 2 and consider initiating the rulemaking process. If the Board wishes to proceed with the proposal as drafted, staff recommends the Board make the following motion:

Suggested Motion: Approve the proposed regulatory text for California Code of Regulations, title 16, sections 303.1 and 308 in Attachment 2 to Agenda Item 16 in

the meeting materials, direct staff to submit the text to the Director of the Department of Consumer Affairs and the Business, Consumer Services and Housing Agency for review and if no adverse comments are received, authorize the Executive Officer to take all steps necessary to initiate the rulemaking process, make any non-substantive changes to the package, and set the matter for a hearing if requested. If no adverse comments are received during the 45-day comment period and no hearing is requested, authorize the Executive Officer to take all steps necessary to complete the rulemaking and adopt the proposed regulations at CCR, title 16, sections 303.1 and 308 as noticed.

Doctor of Chiropractic Licensure by Reciprocity and Temporary Licensure for Applicants with Educational or Examination Deficiencies

There are currently four pathways to practice chiropractic in California—temporary licensure for active-duty military spouses and domestic partners, initial doctor of chiropractic (DC) licensure, licensure through reciprocity, and practice under the federal Servicemembers Civil Relief Act (SCRA).

While the DC license requirements and scopes of practice vary from state to state, all states currently have at least the following basic requirements for a DC license:

- Completion of at least 60 prechiropractic college credits
- Graduation from an accredited chiropractic program with a DC degree
- Pass the National Board of Chiropractic Examiners (NBCE) Parts I–IV examinations

Many states also require applicants to pass the NBCE Physiotherapy examination, administer their own state-specific jurisprudence examination, and conduct criminal background checks.

Reciprocity was one of the new issues included in the Board's last sunset review in 2022. At that time, the Board was asked to consider whether the requirements for granting license reciprocity to applicants holding active licenses in other states or countries should be revised in order to attract qualified DCs to the state. In response, the Board carefully considered the issue and reaffirmed its commitment to ensuring that all licensees—regardless of their pathway to licensure—are prepared to meet the unique needs of California's diverse patient population.

Although the Board has an existing method of interstate licensure through reciprocity specified in CCR, title 16, section 323, the current processes and requirements for initial licensure and reciprocity are nearly identical, except that reciprocity allows for licensure under prior formats of the national examination and currently has a reduced application fee.

During the June 13, 2025, meeting, the Committee discussed the need to simplify the process for licensure through reciprocity and clarify the existing regulation while still

January 16, 2026

Page 4

ensuring all applicants for licensure meet California's educational requirements and understand the scope of practice and California law. The Committee also proposed establishing a new temporary licensure process for applicants who have been actively practicing chiropractic in another state for at least five years without any disciplinary or substantially related criminal history, but have not yet met all of California's educational and examination requirements to qualify for a permanent license.

At its December 5, 2025, meeting, the Committee discussed conceptual regulatory proposals that would clarify the process for licensure through reciprocity and create a new temporary licensure pathway for applicants with educational and/or examination deficiencies. The proposed temporary license would include a patient notification requirement and practice restrictions in any subject area where the licensee is deficient in the Board's educational and/or examination requirements.

The Committee reviewed the minimum eligibility requirements for a temporary license and considered whether applicants should have at least five years of licensure and active practice, as outlined in CCR, title 16, section 323, or if eligibility should extend to all graduates of a Board-approved chiropractic program. After discussion, the Committee voted to move the reciprocity and temporary licensure proposals to the Board for discussion, particularly regarding whether to include a minimum licensure and practice requirement.

Action Needed: The Board is asked to review and provide input on the conceptual regulatory proposals outlined in Attachments 3 and 4. In addition, the Board should engage in a policy discussion regarding whether the minimum eligibility requirements for the new temporary licensure pathway should include prior chiropractic licensure and practice.

Standards of Practice for Virtual Care and Artificial Intelligence (AI)

Business and Professions Code (BPC) section 686 requires a licensed health practitioner providing services via telehealth to comply with the requirements of BPC section 2290.5, the practice act relating to their profession, and the regulations adopted by their licensing board pursuant to that practice act.

BPC section 2290.5, subdivision (a)(6) defines telehealth as follows:

“ ‘Telehealth’ means the mode of delivering health care services and public health via information and communication technologies to facilitate the diagnosis, consultation, treatment, education, care management, and self-management of a patient's health care. Telehealth facilitates patient self-management and caregiver support for patients and includes synchronous interactions and asynchronous store and forward transfers.”

BPC section 2290.5 requires health care providers to inform the patient about the use of telehealth and obtain verbal or written consent from the patient for the use of telehealth

as an acceptable mode of delivering health care services and public health before the delivery of health care via telehealth. Providers must also document the patient's consent. In addition, this statute provides that all laws regarding the confidentiality of health care information and a patient's rights to the patient's medical information shall apply to telehealth interactions and all laws and regulations governing professional responsibility, unprofessional conduct, and standards of practice that apply to the health provider's license shall apply while providing telehealth services.

During the August 25, 2023, meeting, the Committee reviewed proposed and approved laws and regulations by the California Acupuncture Board, the California Board of Occupational Therapy, the California Board of Behavioral Sciences, the Texas Board of Chiropractic Examiners, and the Florida Department of Public Health regarding the delivery of health care services via telehealth. The Committee also discussed the consumer protection benefits of establishing minimum standards for the delivery of chiropractic services via telehealth and directed staff to develop a regulatory proposal for the Committee's review.

Additionally, during the June 13, 2025, meeting, the Committee engaged in an initial policy discussion regarding the use of AI in healthcare education and clinical practice. The Committee noted the need for licensee education in AI literacy as they integrate more tools into their practices, particularly their understanding and recognition of potential biases and inaccuracies when using AI and their responsibility for the outputs.

At its December 5, 2025, meeting, the Committee discussed conceptual regulatory proposals to specify standards of practice for virtual care and AI in chiropractic practice. These proposals would:

- Broadly define "virtual care" as the comprehensive integration of digital technology to enable and support the delivery of personalized clinical and administrative health care services, patient education, and care coordination, and specify that telehealth is a subset of virtual care.
- Clarify that any person practicing chiropractic through virtual care with a patient who is physically located in California must be actively licensed by the Board.
- Establish standards of practice for virtual care, including requiring licensees to determine that the delivery of chiropractic services via virtual care is clinically appropriate after evaluating their own competency and ability, the patient's clinical presentation, the nature of the services to be provided, and the patient's preference for receiving virtual care.
- Specify the requirements for obtaining the patient's verbal or written consent for the use of virtual care as an acceptable mode of delivering chiropractic services.

Licensing Committee Report

January 16, 2026

Page 6

- Require licensees to take reasonable steps to ensure the secure transmission of electronic data and immediately notify each patient of any known data breach or unauthorized disclosure of their personal health information.
- Clarify that licensees are responsible for exercising the same standard of care when providing chiropractic services via virtual care as is required for in-person care and for the appropriate use of any AI technologies in their practices.

Staff is updating the virtual care and AI proposals based on the Committee's input and plans to present them to the Committee for further discussion at its March 20, 2026, meeting.

8. Future Agenda Items

Note: Members of the Committee and the public may submit proposed agenda items for a future Committee meeting. However, the Committee may not discuss or take action on any proposed matter except to decide whether to place the matter on the agenda of a future meeting. [Government Code Section 11125.]

9. Adjournment

This agenda can be found on the Board's website at www.chiro.ca.gov. The time and order of agenda items are subject to change at the discretion of the Committee Chair and may be taken out of order. In accordance with the Bagley-Keene Open Meeting Act, all meetings of the Board and Committee are open to the public.

Government Code section 11125.7 provides the opportunity for the public to address each agenda item during discussion or consideration by the Committee prior to it taking any action on said item. Members of the public will be provided appropriate opportunities to comment on any issue before the Committee, but the Committee Chair may, at their discretion, apportion available time among those who wish to speak. Members of the public will not be permitted to yield their allotted time to other members of the public to make comments. Individuals may appear before the Committee to discuss items not on the agenda; however, the Committee can neither discuss nor take official action on these items at the time of the same meeting (Government Code sections 11125 and 11125.7(a)).

The meeting is accessible to persons with disabilities. A person who has questions or needs a disability-related accommodation or modification to participate in the meeting may submit a request to the Committee. Please submit the request at least five (5) business days before the meeting to ensure availability of the requested accommodation.

Add Section 303.1 to, and Amend Section 308 of, Article 1 of Division 4 of Title 16 of the California Code of Regulations to read as follows:

§ 303.1. Issuance and Renewal of Satellite Office Certificates.

(a) Definitions. For the purposes of this section, the following definitions shall apply:

(1) "Chiropractic facility" has the meaning specified in Section 308, subsection (a)(2).

(2) "Licensee" means the holder of a current and active doctor of chiropractic license issued by the Board.

(3) "Place of practice" has the meaning specified in Section 308, subsection (a)(5).

(4) "Satellite office" means a chiropractic facility used by a licensee as a place of practice that is not listed as the licensee's address of record pursuant to Section 303.

(b) Each licensee shall file with the Board the physical address of every chiropractic facility used as a place of practice, either as their address of record pursuant to Section 303 or by obtaining a satellite office certificate.

(c) Application and Eligibility for Issuance of New Satellite Office Certificate. To be eligible for the issuance of a satellite office certificate, a licensee shall:

(1) Submit a completed application for the issuance of a new satellite office certificate that includes all of the following information from the licensee:

(A) Full legal name (first name, middle name, last name, and, if any, suffix);

(B) Doctor of chiropractic license number issued by the Board and license expiration date;

(C) Physical address of the satellite office;

(D) A statement attesting that the licensee owns or has legal authorization or permission to use the satellite office provided on the application to perform chiropractic services; and

(E) A statement signed and dated by the licensee under penalty of perjury under the laws of the State of California that all statements made in the application are true and correct.

(2) Pay the satellite office certificate application fee of \$69.

(d) Renewal of Satellite Office Certificate. A satellite office certificate shall expire annually on the last day of the licensee's birth month. To renew an active or expired satellite office certificate, a licensee shall:

(1) Submit a completed application for the renewal of a satellite office certificate that includes all of the following information from the licensee:

(A) Full legal name (first name, middle name, last name, and, if any, suffix);

(B) Doctor of chiropractic license number issued by the Board and license expiration date;

(C) Satellite office certificate number issued by the Board and certificate expiration date;

(D) Physical address of the satellite office;

(E) A statement attesting that the licensee owns or has legal authorization or permission to use the satellite office provided on the application to perform chiropractic services; and

(F) A statement signed and dated by the licensee under penalty of perjury under the laws of the State of California that all statements made in the application are true and correct.

(2) Pay the satellite office certificate renewal fee of \$50.

(e) Violations. Failure to comply with the requirements of this section constitutes unprofessional conduct.

PROPOSED REGULATORY LANGUAGE
Temporary Licensure for Applicants with Educational or Examination
Deficiencies

Legend:	Added text is indicated with an <u>underline</u> . Deleted text is indicated by strikeout .
----------------	---

Add Section 321.1 (or 323.1) to Article 3 of Division 4 of Title 16 of the California Code of Regulations to read as follows:

§ 321.1 (or 323.1). Temporary Licensure for Applicants with Educational or Examination Deficiencies.

(a) Definitions. For the purposes of this section, the following definitions shall apply:

- (1) "Act" means the Chiropractic Initiative Act of California.
- (2) "Board" means the California State Board of Chiropractic Examiners.
- (3) "California Chiropractic Law Examination" or "CCLE" means the Board's supplemental examination in California law and ethics.
- (4) "Disciplinary proceeding" means any proceeding or investigation under the authority of the licensing jurisdiction pursuant to which a licensee may be disciplined.
- (5) "Disciplined" means that the applicant's license was placed on probation, revoked, suspended, reprobated, censured, reprimanded, restricted, limited, conditioned, or any other restriction or action taken against a license.
- (6) "Doctor of chiropractic license" has the same meaning as "License to practice chiropractic" specified in Section 7 of the Act.
- (7) "General supervision" has the same meaning as specified in Section 312.
- (8) "Good standing" means that the applicant has not been disciplined, is not the subject of an unresolved complaint or review procedure, and is not the subject of any unresolved disciplinary proceeding.
- (9) "License" means a license, permit, or comparable authority to practice chiropractic in another state, district, or territory of the United States.

(10) "Medical condition" has the same meaning as specified in Government Code section 12926, subdivision (i).

(11) "Mental disability" has the same meaning as specified in Government Code section 12926, subdivision (i).

(12) "NBCE" means the National Board of Chiropractic Examiners, a national administrator of chiropractic licensure examinations.

(13) "Original licensing jurisdiction" means the entity that issued a license to the applicant authorizing the applicant to practice within the same scope for which the applicant seeks a temporary license from the Board.

(14) "Physical disability" has the same meaning as specified in Government Code section 12926, subdivision (m).

(15) "Proof of successful completion of the CCLE" means a copy of an applicant's report or notice issued by the Board's contracted examination administrator that indicates the applicant passed the examination.

(b) Application and Eligibility Requirements for a Temporary Doctor of Chiropractic License. An applicant seeking licensure *[optional: through reciprocity]* who does not meet all of the licensure eligibility requirements of Section 321 may apply for a temporary doctor of chiropractic license. To be eligible for the issuance of a temporary doctor of chiropractic license, an applicant shall:

(1) Meet the following minimum requirements:

(A) Graduated with a Doctor of Chiropractic degree from a Board-approved chiropractic program;

(B) Taken and passed the NBCE Parts I, II, III, and IV examinations or equivalent successful examination as specified in Section 323; and

[Optional: (C) Been actively licensed and practiced chiropractic in another state, district, or territory of the United States for at least five of the past seven years immediately preceding the date of submission of the application.]

(2) Submit a completed application for a temporary doctor of chiropractic license that includes all of the following information from the applicant:

(A) The applicant's identifying and contact information:

(i) Applicant's full legal name (first name, middle name, last name, and suffix, if any);

(ii) Other name(s) the applicant has used or been known by;

(iii) Applicant's address of record, which may be a post office box or other alternate address;

(iv) Applicant's alternate physical address if the applicant's address of record is a post office box or other private mailbox service;

(v) Applicant's email address, if any;

(vi) Applicant's telephone number, if any;

(vii) Applicant's social security number or individual taxpayer identification number; and

(viii) Applicant's birth date (month, day, and year).

(B) Documentary evidence that the applicant meets the minimum educational and examination requirements of subsection (c)(1).

[Optional: (B) The applicant shall disclose whether the applicant holds a current, active, and unrestricted license to practice chiropractic in another state, district, or territory of the United States and provide written verification from the applicant's original licensing jurisdiction that the applicant's license is in good standing under that jurisdiction. The verification shall include all of the following:

(i) The full legal name of the applicant and any other name(s) the applicant has used or been known by;

(ii) The license type and number issued to the applicant by the original licensing jurisdiction, and the relevant law(s) and regulation(s) under which the license was issued;

(iii) The name and location of the licensing agency or entity;

(iv) The issuance and expiration date of the license; and

(v) Information showing that the applicant's license is currently in good standing and meets the eligibility requirements of subsection (c)(1).]

(C) The applicant shall disclose the following information for each chiropractic or other professional license they have ever held in another jurisdiction:

(i) The name and location of the licensing agency/entity;

(ii) The license type and license number issued to the applicant by the licensing agency/entity;

(iii) The issuance and expiration date of the license; and

(iv) The current status of the license.

(D) Excluding actions based upon the applicant's criminal conviction history, the applicant shall disclose whether they have been disciplined by a licensing entity in another jurisdiction within the preceding seven (7) years of the date of the application or are currently the subject of an unresolved complaint, review procedure, or disciplinary proceeding conducted by a licensing entity in another jurisdiction.

(E) The applicant shall submit a full set of fingerprints for the purposes of the Board conducting a criminal history information record check through the California Department of Justice and the Federal Bureau of Investigation in accordance with Section 321.1.

(F) The applicant shall sign a statement attesting to the fact that the applicant meets all of the requirements for the temporary license, and that the information submitted in the application is accurate, to the best of the applicant's knowledge.

(3) Pay a nonrefundable application fee of \$_____.

(4) Successfully complete and furnish to the Board proof of successful completion of the California Chiropractic Law Examination (CCLE).

(A) To take the CCLE, each applicant shall submit a completed application for approval to test to the Board containing all of the following:

(i) The information required by subsection (c)(2);

(ii) A disclosure regarding whether the applicant is requesting a reasonable accommodation pursuant to Government Code section 12944, subdivision (b). If the applicant answers in the affirmative, the applicant shall provide medical substantiation consisting of a written document with the name, license number, telephone number, date, and signature of a health care provider confirming the existence of the applicant's medical condition, mental disability, or physical disability and the need for the reasonable accommodation; and

(iii) A certification, under penalty of perjury of the laws of the State of California, signed and dated by the applicant that the information on the application is true and correct.

(B) After receipt of a completed application for approval to test, and upon the Board's determination that the applicant has met the minimum requirements of subsection (c)(1), the Board shall send a written and dated notice of approval to test to the applicant and examination administrator. The notice shall also contain the web address, email address, telephone number, and mailing address for the applicant to contact the examination administrator to schedule the examination.

(C) Upon written notice of approval to test from the Board, an applicant is responsible for contacting the examination administrator to schedule a test date and examination site location and for paying the examination administrator's nonrefundable fees to take the examination.

(D) The notice of approval to test shall be valid for twelve (12) months from the date of the notice. If the applicant fails to successfully complete the examination prior to the expiration of approval to test, the applicant may reapply for approval to test in accordance with this subsection.

(d) Issuance of Temporary Doctor of Chiropractic License. Upon meeting the requirements specified in subsection (c) and if no grounds for denial exist pursuant to Business and Professions Code section 480, the Board shall issue to the applicant a temporary license to practice chiropractic and provide written notice by email or U.S. mail to the applicant's email address or address of record of the following:

(1) That only one temporary license shall be issued to the applicant, and no additional temporary licenses shall be issued to the applicant after the expiration of the initial temporary license;

(2) That the temporary license is nonrenewable;

(3) That the license expires twelve (12) months after issuance or upon issuance or denial of a standard doctor of chiropractic license, whichever occurs first;

(4) That the temporary license holder is subject to the practice restriction requirements of subsection (e) and the public notification requirements of subsection (f); and

(5) That the holder of a temporary license issued pursuant to this section desiring to continue their licensure or to practice in California after the expiration of their temporary license shall apply for and obtain a standard doctor of chiropractic license in accordance with Section 321.

(e) Practice Restrictions. The holder of a temporary license issued pursuant to this section shall be restricted from providing any advice, examination, diagnosis, service, or treatment to a patient in any subject area for which the licensee is deficient in the Board's educational and/or examination requirements, unless they are providing that

advice, examination, diagnosis, service, or treatment under the general supervision of an actively licensed doctor of chiropractic.

(f) Public Notification Requirements. The holder of a temporary license shall provide written notice to each current and prospective patient that the licensee is practicing under a temporary license issued by the Board prior to the patient's initial visit or consultation. The notice shall include the licensee's full name, temporary doctor of chiropractic license number, a summary or description of the remaining educational and/or examination requirements they must complete to be eligible for the issuance of a standard doctor of chiropractic license, a summary and description of the applicable practice restrictions on their temporary license, and the name and doctor of chiropractic license number of any supervising doctor of chiropractic, if applicable. The licensee shall retain in the patient's chiropractic records an acknowledgement of receipt of the notice that has been signed and dated by the patient or their representative.
