CALIFORNIA BOARD OF CHIROPRACTIC EXAMINERS BIANNUAL NEWSLETTER

### What is a Citation?

Citations are not the same as a disciplinary action (e.g., revocation or surrender of a license), but they can be issued by the Board of Chiropractic Examiners (Board) for a violation of the Chiropractic Initiative Act of California. Fines associated with citations can range from \$100 to \$5,000 depending on the severity of the violation.

What should you do if you receive a citation? It is very important that you read everything in the packet that accompanies your citation, because it will help you understand the process and your rights and responsibilities. Included in the citation packet are:

- **Citation and Order:** This is the citation itself. It explains the specific cause(s) of the citation and orders a fine, if any, to be paid.
- Order of Abatement: Orders the licensee to cease the violation. Some citations will not include an Order of Abatement, depending on the violation.
- **Appeal Rights:** Explains the citation process, including the appeal process, and your rights regarding the citation.
- Request for Conference and/or Hearing: Instructs you on how to request an informal conference and/or and administrative hearing. You have 14 days from receipt of the citation to request an informal conference, and 30 days from issuance of the citation to request an administrative hearing.

Citations are issued based on information received by the Board. The appeal process is the licensee's opportunity to provide the Board with new information and/or extenuating circumstances that may allow a citation to be withdrawn or modified. Citations are not generally withdrawn based on lack of knowledge of the regulation involved.

How does a citation affect your license? Citations appear on the licensee's public record only when they are finalized. A citation is considered final in any of the following circumstances: When the fine is paid (and no request for appeal is made); when no request for appeal is received within the time allowed by law; or, if appealed, when the final decision is issued by the Executive Officer of the Board.

### **Continuing Education Guidelines**

# DETERMINING IF THE COURSE YOU PLAN TO TAKE IS APPROVED

Continuing education must be offered by a Board of Chiropractic Examiners (Board)-approved provider, any organization authorized to approve continuing education by any healing arts board or bureau in Division 2 of the Business and Professions Code, and/or the California Department of Industrial Relations, Division of Workers Compensation.

- Visit the Board's website, www.chiro.ca.gov, and search for "Seminar Providers." Verify if the provider of the course is listed.
- Visit the Board's website, www.chiro.ca.gov, and search for "Seminars Approved" for all approved online and classroom courses. The courses are organized by date, course description, number of hours, location, provider, and phone number.

# DOCUMENTATION AND RECORDKEEPING OF CONTINUING EDUCATION COURSES

- Retain continuing education certificate of completion for a period of four years after the course or activity concludes. You must submit the evidence of completion if you are audited by the Board. Failure to provide records documenting completion of the continuing education requirements may be subject to disciplinary action.
- You do not need to submit documentation of your continuing education certificates with your license renewal notice and payment.

### **Regulation Update 2016**

### Regulation

The Board of Chiropractic Examiners (Board) is actively working on three regulatory proposals, in various stages of completion.

# Application for Licensure and Continuing Education (CE) Requirements

The regulation would amend the CE regulations to waive renewal fees, CE requirements, and other requirements for active duty members of the U.S. military. Also, the regulation proposes to allow the Board to award up to 16 hours of CE credit to licensees who participate in the review and revision of the California Law and Professional Practices Examination.

The Board anticipates submission of the regulation package to the Office of Administrative Law for review and approval in summer 2016.

### **Consumer Protection Enforcement Initiative**

The regulation would add or amend 12 sections within the California Code of Regulations that would establish stricter reporting and disclosure requirements by licensees and applicants, and increase the Board's enforcement authority and access to critical information for use in investigations.

On May 19, 2016, the regulation package was approved by the Board and is currently under development.

### **Delegation of Authority to the Assistant Executive Officer**

This proposed regulation would delegate authority to the Board's Assistant Executive Officer to execute specific enforcement actions and office operational functions to expedite the business of the Board and to increase the health, safety, and welfare of consumers.

On May 19, 2016, the regulation package was approved by the Board and is currently under development.

As of July 1, 2016, the Board began expediting applications received from U.S. military veterans.

**NOTE:** As used in this summary, the term "accusation" is a formal document that notifies a licensee of the agency's charges against the licensee and that requests a disciplinary order. The licensee is entitled to contest the charges in a formal hearing before an administrative law judge. An accusation is usually resolved by an agency decision following such a hearing or by an agency decision pursuant to a settlement agreement. Often there is a considerable period of time between the date of filing an accusation and the resolution of the accusation.

### **Chiropractor Occupational Analysis**

The Board of Chiropractic Examiners (Board) and the Office of Professional Examination Services (OPES) are looking for licensed chiropractors to participate as subject matter experts (SMEs) in the occupational analysis of the chiropractor profession. The purpose of the occupational analysis is to define practice for chiropractors in California in terms of actual job tasks that new licensees must be able to perform safely and competently at the time of licensure. The results of the occupational analysis will provide a description of current practice and serve as the basis for the Law and Ethics examination in California.

Here are a couple of upcoming opportunities for chiropractor participation in the occupational analysis process:

1. First Occupational Analysis Workshop (July 29–30, 2016)

A group of chiropractors will work with an OPES test consultant to evaluate the preliminary tasks and knowledge statements in terms of technical accuracy and comprehensiveness of coverage of the chiropractor scope of practice.

2. Second Occupational Analysis Workshop (August 19–20, 2016)

An additional group of chiropractors will work with the OPES test consultant to review and refine the task and knowledge statements derived from the interviews and the initial workshop.

The Board pays an honorarium fee to SMEs who participate in the workshops (\$100 per day). The occupational analysis workshops last two days and are conducted from 8:30 a.m. to 5 p.m. each day. Participants who travel 50 miles or more

Section 361 (g)(15) of Title 16 of the California Code of Regulations allows a licensee to earn a maximum of four hours of continuing education (CE) credit per renewal period for attending a full Board meeting that includes the hearing of cases related to petitioners seeking the reinstatement of revoked licenses or early termination of probationary licenses. A petitioner may not earn any CE hours for attending a Board meeting on the same day in which the petitioner's hearing is conducted. The attendance of a licensee at a Board meeting under this subparagraph shall be monitored and confirmed by Board staff designated by the Executive Officer.

each way to workshops are reimbursed for travel expenses. Airfare is prepaid by the Board. The Board will reimburse participants for cost of hotel, meals, mileage, and other expenses up to specified limits as explained in the Department of Consumer Affairs' *Pocket Travel Guide*. Participants will also receive 16 hours of general continuing education credit for participating in a two-day workshop.

Participation by a large number of chiropractors with diverse backgrounds in the interviews and workshops is critical for the success of this project and the future of the chiropractor profession. It will ensure that future chiropractor licensing examinations in California are based on up-to-date, accurate, and valid information regarding chiropractor practice.
